## Yay! It is almost time for PreK!

Attached you will find the PreK supplies list for the 2025-2026 school year. As you can see, the list has been split into 2- one for the boys and one for the girls. We do this so there is not an overflow of some items and also to decrease the amount each family needs to purchase.

Please be aware of the items that require labels. Most supplies are communal and will be used by all students in all three PreK classes. Only labeled items will be used by your child individually. Please also label all jackets, hats, gloves, snacks and water bottles that your child may bring to school.

Use this supplies list as a check off sheet for your preschooler. They can check off the supplies as they buy/receive them. Once all items are checked off, your student can sign or trace their name on the list and turn into school during a summer playdate or the first week for a sticker. This will be the start of your child feeling independent at school!

Please reach out if you have any questions or concerns!

Looking forward to an AMAZING year ahead!
